Drinks Package Information

Any children (aged 10 and under) will be served fruit cordial throughout dining. If you wish to add on any children's reception or toast drinks please let us know. These will be priced separately in addition to any chosen package.

You are welcome to exchange your toast drinks for an additional reception drink per person, just let us know if you would like to do this.

You will be asked to select your drinks package when you come to your food & wine tasting. Your drinks choices will be added to your proposal alongside your food choices.

Don't worry if your numbers or drinks package choice changes, we will contact you 28 days before your wedding to request all of your final details. Your final invoice will then be adjusted accordingly.

All prices listed are subject to change at any time due to increased costs from our suppliers.

We do not offer a corkage option, all drinks must be purchased through Stable Yard Catering.
